Bryan C. Bennett - President

The Purpose & Objectives of OMNI

OMNI supports the business concept in which independent moving companies arrange and control international moving contracts and work with each other to provide a high level of service. It is known as the agent-to-agent philosophy.

With that as its basic mission, OMNI'S objectives are:

1. To develop and sustain a network of first-class moving companies, dedicated to the highest international moving standards and to do that through careful membership selection and insistence on adherence to established criteria for performance.
2. To increase the overall market share of the network.
3. To provide a network business climate within which members are required to reciprocate with each other and exchange traffic and information profitably.
