

ENVIRONMENTAL POLICY STATEMENT

Our Environmental Policy is to be a responsible corporate business in protecting the environment. To confirm our commitment the Company management has developed a comprehensive policy statement appropriate to our operations as described below. This policy enables us to set objectives towards sustainable environmental improvement, which in turn contribute to minimising the creation of waste and pollution as well as the future protection of the environment.

White & Company have set out the following main objectives:

- Reduce, reuse and recycle waste packaging.
- Improve the efficiency of energy usage.
- Understand the requirements of customers, authorities and agencies.

It is acknowledged that where specifically requested by customers and ascertained at contractual planning and agreement stage, additional requirements may be produced as required.

Due to the nature of our Company business, i.e. service industry and not manufacturing industry, we do not use toxic materials or substances in the carrying out of our business.

We will, manage our processes, our materials and our people in order to reduce the environmental impact on our work. In particular White & Company will:

- a) Ensure appropriate resources will continually be made to ensure the environmental policy is implemented in full.
- b) Work with suppliers to minimise the impact of their operations on the environment through a quality purchasing policy.
- c) Seek to reduce the following:
 - Consumption of materials in all operations, reuse rather than dispose wherever possible and to promote recycled materials.
 - Ensure all our vehicles are replaced at economic intervals and regularly undergo normal servicing where the key factor is the exhaust emission produced by these vehicles and also ensure they are well below the limits set by the Department of Transport.
 - Noise, visual and other impacts on the local environment.

The Company establishes and maintains procedures for adequate communication, both internal and external, in relation to environmental issues, functions and documentation.

The Chief Executive has specific responsibility for policy development, co-ordination and evaluation of performance. White & Company is committed to minimising the impact of its operations on the environment by means of a programme of continual improvement.

The Environmental Policy Statement will be made available to all interested parties at all times.

Signed

I M PALMER
Chief Executive
